

Universidad de Jaén
Vicerrectorado de Internacionalización

Welcome to the University of Jaén!

Please, find below the *Incoming Student Guidelines 2013-2014* for those EU students who have been selected by their home Universities to study at the University of Jaén (Spain) for one semester or a full academic year within the framework of the *LLP-Erasmus Exchange Programme*:

Before coming to the UJA

[1] Application form:

Once you have been selected by your home University and your International Relations Coordinator has confirmed it by email (to secrel@ujaen.es), please: [1] fill in (**and also click on the *Send* button**) our [Student Exchange Application Form](#), [2] print it and give it to the persons in charge of signing and official stamping in your home University (*Home Institution Information* Section), and [3] send it **by regular post (not by email, nor by fax) before 31st May for non EU nationals or before 30th June 2013 for EU nationals for semester 1 or full academic year, and before 30th November 2013 for semester 2)**, together with your [a] home university original transcript of records [b] national identity card copy (**page with photo only**) to:

David Peñafuerte Rendón
Sección de Relaciones Internacionales
Universidad de Jaén
Campus Las Lagunillas
Edif. "Bachiller Pérez de Moya" (C2-105)
23071 Jaén (Spain)

Regarding your *UJA Application Form* (first online and then as printed copy), please **make sure that you have filled in all the required information**, including your photograph (**identity card size**). All the information requested in the *Application Form* is mandatory, except that concerning languages other than Spanish.

Choosing your courses:

We strongly recommend you at the moment of choosing your courses to contact the professor that will be your academic coordinator in Jaén. You can ask us the name and email of the professor sending an email to dprendon@ujaen.es or secrel@ujaen.es including the name of your University and your field of studies.

You will find below all the necessary information regarding the UJA current *undergraduate degree catalogue*:

[a] Duration (in academic years):

Ingeniero Degree Programmes	5 years
Doble Titulación Programmes	3-6 years
Grado Bachelor Programmes under the Bologna System	4 years

[b] Language of tuition:

All courses within these undergraduate degree programmes are taught in *Spanish*, except for the ones under the (undergraduate) [PATIE option](#) (which offer the possibility of teaching support, materials and official examinations in English).

[c] Workload:

Please notice that at the UJA, each academic year normally comprises approximately 72 UJA LRU credits (60 [ECTS](#) aprox.) and that 1 UJA LRU credit is equivalent to 10 teaching hours, that is to say, 1 ECTS credit equals to 1.25 UJA LRU credits or, the other way round, 1 UJA LRU credit adds up to 0.8 ECTS. The new degrees under the Bologna system are all nominated in ECTS so there is no need to use any conversion rate. Most of the new degrees under Bologna are currently being implemented at the UJA.

[c] Undergraduate degree catalogue and description of individual courses:

You can find the undergraduate degree courses catalogue using this link:

<http://www10.ujaen.es/conocenos/organos-gobierno/segord/inicio>

Once at the web site you must look for the “*Plan Docente 2013/2014*” link (**Please, note that the 2013/2014 courses information won't be available till approximately June 2013. In that case you must use the 2013/2014 courses information and correct your choices upon arrival**).

Furthermore, you may find information on course timetables at the [official web page of each Facultad/Escuela](#). Please, **notice that the information about teaching timetables and schedules is usually available at the beginning of the semester.**

If you have any **difficulty to find the codes** of different subjects you can try using these links:

- For subjects **in Spanish** (**Important!!: You must choose the 2013/2014 option before searching the subjects. If the 2013/2014 is not still available please use the 2012/2013 option**):

http://www.ujaen.es/serv/vicint/home/academics_home.php?idioma=es

- For subjects in English or with support in English:

http://www.ujaen.es/serv/vicint/home/academics_home.php?subtitle=cin

Very important rules or recommendations you must keep in mind while you choose your courses:

- Recommendations about workload:
 - All year student: 60 ECTS credits maximum (75 UJA LRU credits).
 - One semester student: 30 ECTS credits maximum (37.5 UJA LRU credits).
- It is very important to identify correctly the codes for the chosen subjects in the Application Form.
- Whole-year students must include in their Applications Forms the courses they would like to take for the whole academic year (not only for the courses in the 1st semester). They will have a “period for changes/modifications” at the beginning of the second semester in order to change 2nd semester courses.
- 1st semester students are not allowed to choose 2nd semester courses.
- 2nd semester students are not allowed to choose 1st semester courses.
- One semester students are not allowed to choose full academic year courses.
- Very important: No student will be allowed to choose courses without lessons, marked as “*Sólo derecho a examen (sin docencia)*”:

If you are doubtful while filling in the courses in the Application Form, you should send an email with your questions to: secrel@ujaen.es or dprendon@ujaen.es

Once we receive your original Application Form by post, we will immediately send it to your UJA Academic Coordinator for evaluation. If your application is accepted, we will send to you an *acceptance confirmation* by e-mail (for EU nationals) or an *admission letter* by post for non EU nationals (Step 2 below), so that you can start preparing your trip to Spain.

Very Important! The acceptance of your Erasmus candidacy does not involve the acceptance of all courses proposed in your Application Form-Learning Agreement. The selection of definitive courses to take will be done once in Jaén after a meeting with your UJA Academic Coordinator. Please do also notice that some undergraduate courses are taught only during a specific semester (1st or 2nd), some courses are repeated during both semesters (1st and 2nd) and some courses are only taught during the full academic year (and, therefore, cannot be taken by students not staying at the UJA for semester 1 + semester 2).

[2] Acceptance/Admission Letter

As stated above, once you have been accepted by the UJA, we will send you (by email in the case of EU nationals or by registered mail in the case of non EU nationals) an acceptance or an admission letter so that you can start preparing your trip and visa (for non-EU nationals) before coming to Jaén.

[3] Health and accident insurance

International Erasmus exchange students who are nationals of a Member State of the European Union, Iceland, Liechtenstein, Norway or Switzerland or Erasmus students from non-EU countries who are legally residing in the EU and are covered by a state social security scheme will be able to benefit from the [European Health Insurance Card](#), which has to be obtained before departure from the corresponding home country.

Erasmus students from other countries (like Turkey) wishing to study at the UJA must hold a private health (sickness/hospitalization), repatriation, accident, travel and civil liability insurance policy covering the whole period of stay in Spain and bring along all the necessary contact details of the corresponding doctor/clinic in Jaen (if they obtain one before their departure date from their home country). Alternatively, these international students can also obtain their insurance policy once in Jaén from any Spanish insurance companies such as www.mapfre.es (please contact the company directly in order to get some information about prices and insurance coverage).

[4] Accommodation

Incoming foreign students are responsible for looking and applying for their own accommodation in Jaén and, for this reason, it is advisable to do it in advance to the expected arrival date. The accommodation possibilities in Jaén are the following:

[a] Temporary accommodation:

Temporary accommodation in hotels & hostels (www.paginasamarillas.es) and youth hostel (www.inturjoven.com/es/albergues/albergue-inturjoven-a-spa-de-jaen.html, 20 € approx./day, Youth Hostel Card needed).

[b] Permanent accommodation:

Flats/Apartments (sharing it or renting your own one, self-catered): sharing a flat is the most common choice for students staying in Jaen for 3 months or more. Monthly rents for one room vary from 150 to 250 € per person (water, gas, electricity and internet connection not included, which normally amount to 60 €/month approx.). In some cases, lodgers may be asked to pay a deposit in advance, which normally amounts to one month's rent and which is returned at the end of the stay. Flats are furnished (beds, tables, chairs and totally equipped kitchen), but there may be no bed-sheets or towels, which must be brought by the students. Students wishing to look for a shared flat/apartment by themselves should arrive in Jaén a few days before the beginning of classes (and stay in a hotel/hostel/youth hostel in the meantime) to be able to look for it (notices can be found on phone boxes all around the city and on boards on campus). On the other hand, if you want to rent your own flat you will need the services provided by a real state agency (www.paginasamarillas.es > Agencia inmobiliaria). Students wishing to rent a flat with the help of a real state agency will be required to pay for these services half of the monthly rent, apart from a deposit (which amounts to one month's rent and is returned at the end of the stay) and the first month rent. Prices for these apartments vary depending on the number of rooms, normally ranging from 400 € to 500 € per month for a one or two-room apartment. Students wishing to rent their own flat with the help of a state agency should arrive in Jaén a few days before the beginning of classes (and stay in a hotel/hostel/youth hostel in the meantime) to be able to look for it. We also recommend visiting the ESN Jaén (Erasmus Student Network Facebook Profile) to find information about accommodation requests and to be aware of housing options and proposals made by other international students in Jaén.

University student halls of residence (single or double room, full board, 600 €/month aprox.): which normally close for summer, Christmas and Easter holidays. For information about prices, availability, opening days, meals provided, application forms and booking procedure, please visit the corresponding web pages:

For further information on trips and facilities by the Andalusian regional government please visit www.inturjoven.com Finally, if you are interested in a guided tour through Jaén or would like to join Jaén entertainment agenda please visit <http://bonoturisticojaen.com/bonoturisticojaen/index.html> and <http://www.jaenow.es/> respectively. Do not forget that Spain enjoys well-deserved fame as a fun-loving country. Splendour, gaiety and the imagination of the nation as a whole are the basic features of the Spanish fiesta. The year's festive highlights (carnival, religious feasts, pilgrimage excursions, rites of summer, etc.) turn the public into active participants and passive spectators who are nevertheless aware of being both things at once. Fiestas, a phenomenon that gives expression to a peculiarly Spanish vitality, take place almost uninterruptedly in different places and at different times of the year, so that the traveller will always find an occasion to witness these magical, spectacular happenings that alter the daily routine of Spanish society.

Besides, the so-called Carnet Joven can be really helpful during your stay:
