60 libraries

What they say about Nancy-Brabois UAS

Diego, University of Alcalá—Spain : When I first arrived in Nancy, I realized straight away that I was in good hands : the teachers gave me a warm welcome and the students of my class took care of me and are nowadays real friends. As I went along, I became totally integrated into my new life and into the student life of Nancy. **It really was a great experience.**

Marta, Gdansk University—Poland : It was an unforgettable experience. I learned a lot more than I could have learned while staying in Poland. It cost me a lot of effort and time but without any doubts, I can say that **it was definitely worth it.**

Application

The University of Applied Sciences Nancy-Brabois welcomes exchange students each year, you can be one of them ! If you are interested in spending one or two semesters at our university, please contact the International Office at your home university for the application requirements and deadlines.

Nancy-Brabois Campus

Our University of Applied Sciences is part of the University of Lorraine, which has recently been ranked in the **top three French Universities in Engineering***. Our expertise is renowned worldwide.

By train, we are located 90 minutes away from Paris, Luxembourg, Germany and the Vosges mountains.

With more than **60,000 students**, you will have plenty of opportunities to go out and enjoy your stay here. Our international office will be happy to help you get around, but also **pick you up** from the airport or train station, **find accommodation** in the school vicinity, go through the **visa procedure**, register with your future department and so much more.

Our University will give you the possibility to continue practicing your own sports or to discover **new activities** such as diving, speleology, canoeing, skiing, golf, tennis, martial arts, rowing, dancing,

**according to a 2015 ranking by L'Usine Nouvelle*
